

*Maintain your mobility  
with outpatient therapy  
at Fairmont!*

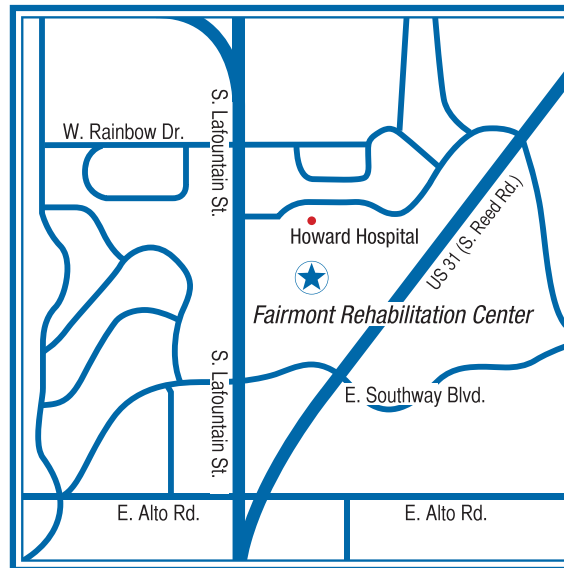

Fairmont offers outpatient therapy for members of the community, as well as graduates of our in-house program. This option allows you to attend therapy sessions while still working, spending time with family members, and socializing with friends. A wide variety of payment sources are accepted for our outpatient program.

If you are experiencing problems with balance or flexibility, or are recovering from an injury, we can help you regain your highest level of independence. Give us a call today at:
